THAT PROJECT ONCE MORE!

Another Twitch of a Corpse Though to Be Very Dead.

When we were building the Columbus and Maysville Railroad, says The Morry-town (O.) Star, Judge Thompson of Hillstown (c), Star, Judge Hompson i Hills-horo said to us, "Let us begin at the heart and it will beat hoth ways." We are glad that the heart still beats, but the exten-sion is still dormant. Why not extend from Hillsboro to Greenfield. There would be much travel over this import-ant 18 miles, to and from the county sent, for court callings, for churches in their "General Conferences," and "Presbyter

les." for young people's seelettes and their Conventions." etc.

Why not extend from Sardinia to Repley? The roadhed is ready for ties to Georgetown. Sardinia and Northern Brown county as well as Ripley and Southern Brown county need it for coun ty seat demands. This would connec Highland and Brown county seats

The heart—from Sardinia to Hillshore 18 miles,—Is doing a profitable business Would it not be still more profitable if the gaps of 18 miles North and 18 miles South were in operation? This would give us an outlet from Ripley over the Chesapeake and Ohio Railway, via Maysville through the great South to the Gulf; and from Greenfield, via Columbus to the lakes North, and also making connection with the East. There is no railroad North and South short of Cincinnati, about 50 miles East. Hence the need of the early completion of these two short gaps.
